## CHILD AND FAMILY WELFARE BUDGET BREAKDOWN

On September 30, 2014, your Board approved a motion by Supervisor Michael D. Antonovich requesting that the CEO report back to the Board on the breakdown of expenditures that support children and families, which includes all impacted departments such as the Departments of Children and Family Services, Mental Health, Public Health, Health Services, Community and Senior Services, Probation, and the Los Angeles County Office of Education.

In the December 30, 2013 report, the Blue Ribbon Commission on Child Protection (BRC) determined that improved child safety depends on identifying children who are at the greatest risk for a serious or fatal injury and providing them and their families with high quality, accessible, and appropriate services. Additionally, the BRC recommended that the County can measurably and immediately improve child safety by requiring all departments to target combined resources and high quality services, including prevention services, toward children under the age of five.

As requested by Supervisor Antonovich, the attached analysis depicts the estimated dollars expended each year, by departments, to support the children and families within Los Angeles County. Based on this analysis, we have identified \$7.7 billion in various programs and spending that support children and families in Los Angeles County. Attachment A provides the detailed breakdown by department, by programs along with sources of funding.

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

Lancaster City compliance levels are within the established compliance rates for the month of July, which is the first month of the fiscal year. Lancaster City minutes rose slightly above the standard to bring the compliance rate to 103.08%. Unincorporated levels are within the acceptable range at 99.90%. Response times to emergent and priority calls are slightly above the acceptable range for the city areas, while response times improved in the unincorporated areas on routine and priority calls. Emergent calls in the unincorporated areas rose slightly to 10.8 minutes from 10.5 minutes in June. We are continuing our efforts to reduce these response times by continually monitoring the deputies' logs and addressing any concerns regarding extended response times.

**EQUITABLE VACANCY DISTRIBUTION (DEPUTY)**

	Staffing (575)	Percent Staffing (575)	Percent Vacant	575 Vacant Positions	Equitable Vacancy Distribution (rounded)	Station Assigned Vacancies
<b>Contract Cities</b>	71.1	87.03%	1.22%	1	1	1
<b>County Area</b>	10.6	12.97%			0	0

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

In July of 2014, Malibu/Lost Hills Station provided suitable service levels to all of the contract cities. The service levels in the unincorporated area dipped due to impairments that have since been remedied. The station will closely monitor all service levels to ensure acceptable service is met on a monthly basis. Response times were within the acceptable range.

LOS ANGELES COUNTY SHERIFF'S DEPARTMENT  
 PATROL AREA STATISTICAL SUMMARY  
 JOHN L. SCOTT, SHERIFF

**North Patrol Division - Santa Clarita Station**

**EQUITABLE VACANCY DISTRIBUTION (DEPUTY)**

	Staffing (575)	Percent Staffing (575)	Percent Vacant	575 Vacant Positions	Equitable Vacancy Distribution (rounded)	Station Assigned Vacancies
<b>Contract Cities</b>	82.2	72.42%	0.00%	0	0	0
<b>County Area</b>	31.3	27.58%			0	0

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

\* July and YTD compliance levels are at or above the acceptable compliance range. Service levels are on track to meet targeted goals for the fiscal year.

\* SCV has realigned personnel to properly manage its contractual obligations. Scheduling works daily at repositioning personnel to meet City and County contractual minutes.

\* Due to the vast Unincorporated areas in North Los Angeles County; Gorman, Nenach, and the Three Points area, etc., Routine Response Times for the unincorporated area are slightly above the accepted norm of 60 minutes.

\* A redeployment of patrol personnel is being structured to reduce the routine patrol times for the summer months. City units handled over 3700 calls for service in a 30 day period, an average of 117 calls per day, along with preassigned vacations and imparments, routine response times within the City were above the accepted time allowed; however, the response times for priority and emergent calls for service were well below the accepted times.

LOS ANGELES COUNTY SHERIFF'S DEPARTMENT  
 PATROL AREA STATISTICAL SUMMARY  
 JOHN L. SCOTT, SHERIFF

**North Patrol Division - West Hollywood Station**

**EQUITABLE VACANCY DISTRIBUTION (DEPUTY)**

	Staffing (575)	Percent Staffing (575)	Percent Vacant	575 Vacant Positions	Equitable Vacancy Distribution (rounded)	Station Assigned Vacancies
<b>Contract Cities</b>	57.7	77.97%	4.05%	3	2	3
<b>County Area</b>	16.3	22.03%			1	0

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

Compliance levels have maintained steady due to our continued efforts of CARPing administrative personnel supplemented with a small quantity of back-fill overtime to cover behind our detective bureau not CARPing. This has maintained our city contract compliance. We have been able to fully staff the unincorporated Universal Citywalk which has helped us maintain our unincorporated area compliance. Response times have maintained an average rate even though numerous construction projects within the contract city of West Hollywood have created even greater traffic congestion problems. Crime rates have maintained a steady average. There was a slight increase in vehicle burglaries in the center reporting districts of the contract cities. Deputies have been briefed of the problem, crime trend maps have been distributed, and the contract city has funded special crime suppression overtime during the night time hours to help combat the problem. Since the implementation of these teams, vehicle burglaries have been on the decline.

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

Allotted overtime has assisted in providing adequate staffing and increasing the compliance levels for the five contract cities. Utilizing Phase III and beyond trainee minutes has also been beneficial in increasing compliance levels. For July, contract compliance levels were within the established threshold (98% to 102%).

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

July and YTD Compliance minutes for both Pico Rivera and Unincorporated County areas are within acceptable levels. Response times for both the City of Pico Rivera and Unincorporated County Areas have both been reduced dramatically to normal levels. An emphasis on accurate logging and reporting of response times has helped resolve this matter, and continues to improve.

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

Monthly and year to date compliance rates are at 108%. With the addition of COPS items and backfill behind the Summer Violent Crime Enforcement Team, the numbers are slightly above the acceptable levels. Additionally, augmented deployment for firework/fire prevention during the Fourth of July holiday increased the number of minutes for the month. The Scheduling and Training Sergeant, along with the Operations Lieutenant, continually monitor provided minutes to ensure monthly compliance does not fall short of the required levels. Response times to routine calls along with priority and emergency were reduced from the previous month.

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

Scheduling is working diligently to reposition personnel within the Unincorporated area to provide optimum staffing requirements while maintaining contract compliance. City compliance levels are on track to meet targeted goals.

Response Times for Priority and Emergent Calls within the Unincorporated area, section 3 (Angeles National Forest) are over the threshold. Based on the travel time from the Unincorporated and City areas to the large remote patrol areas within the Angeles National Forest, these response times are accurate and reasonable.

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

The unincorporated area was below acceptable service levels. The deficiencies included improper logging on to the computer system and a forty hour non-relief unit that was on vacation. The deficiencies have since been remedied. The Response times in the mountains were as follows: Emergency calls: 19.3 minutes, Priority calls: 24.9 minutes, and routine calls: 54.0 minutes.

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

Two loans from COPS and allotted overtime for transferred personnel and contract vacancies was used to assist in maintaining compliance in our contract and unincorporated areas. Scheduling has worked diligently to reposition personnel to meet City contract minutes and still provide optimum staffing requirements for the County area. Deputy logs are continually audited by supervisors, and errors are corrected in a timely manner.

LOS ANGELES COUNTY SHERIFF'S DEPARTMENT  
 PATROL AREA STATISTICAL SUMMARY  
 JOHN L. SCOTT, SHERIFF

**Central Patrol Division - Century Station**

**EQUITABLE VACANCY DISTRIBUTION (DEPUTY)**

	Staffing (575)	Percent Staffing (575)	Percent Vacant	575 Vacant Positions	Equitable Vacancy Distribution (rounded)	Station Assigned Vacancies
<b>Contract Cities</b>	38.6	29.18%	18.67%	24.7	7	7
<b>County Area</b>	93.7	70.82%			17	17

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

For July, Unincorporated levels are above established compliance rate. Lynwood City is reaching levels of acceptable compliance rates. Scheduling is working diligently to reposition personnel to meet City contract minutes. With allotted overtime, service levels are on track to meet targeted goals for the fiscal year.

**Report Prepared By:** Deputy Andrew Morrell **Date:** 8/15/2014

**Unit Commander's Approval:** Captain Ernest E. Chavez **Date:** 8/15/2014

 PATROL AREA STATISTICAL SUMMARY  
 JOHN L. SCOTT, SHERIFF

**Central Patrol Division - Compton Station**

**EQUITABLE VACANCY DISTRIBUTION (DEPUTY)**

	Staffing (575)	Percent Staffing (575)	Percent Vacant	575 Vacant Positions	Equitable Vacancy Distribution (rounded)	Station Assigned Vacancies
<b>Contract Cities</b>	79	74.53%	0.00%	0	0	0
<b>County Area</b>	27	25.47%			0	0

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

Contract minutes in the City and County areas will increase due to additional assigned personnel. However, the increases will be reduced accordingly due to some non-reimbursed loan items. Current service levels are acceptable.

LOS ANGELES COUNTY SHERIFF'S DEPARTMENT  
 PATROL AREA STATISTICAL SUMMARY  
 JOHN L. SCOTT, SHERIFF

**Central Patrol Division - East Los Angeles Station**

**EQUITABLE VACANCY DISTRIBUTION (DEPUTY)**

	Staffing (575)	Percent Staffing (575)	Percent Vacant	575 Vacant Positions	Equitable Vacancy Distribution (rounded)	Station Assigned Vacancies
<b>Contract Cities</b>	52.1	46.15%	11.51%	13	6	6
<b>County Area</b>	60.8	53.85%			7	7

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

Service levels are below acceptable ranges in the Unincorporated area. Scheduling has since adjusted deployment in order to reduce the possibility of future service level deficiencies. New funding related to 2013 curtailments will provide the needed resources to help prevent low service levels in the unincorporated area. Maywood's monthly compliance level reflects 91.64% which is inaccurate. The correct service level is 99.4% which is within the acceptable service levels. The inaccurate information was due to a data entry error in the number of minutes scheduled for the month of July, and has since been remedied.

LOS ANGELES COUNTY SHERIFF'S DEPARTMENT  
 PATROL AREA STATISTICAL SUMMARY  
 JOHN L. SCOTT, SHERIFF

**North Patrol Division - Lancaster Station**

**EQUITABLE VACANCY DISTRIBUTION (DEPUTY)**

	Staffing (575)	Percent Staffing (575)	Percent Vacant	575 Vacant Positions	Equitable Vacancy Distribution (rounded)	Station Assigned Vacancies
<b>Contract Cities</b>	90.7	75.65%	7.51%	9	7	7
<b>County Area</b>	29.2	24.35%			2	2

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

Lancaster City compliance levels are within the established compliance rates for the month of July, which is the first month of the fiscal year. Lancaster City minutes rose slightly above the standard to bring the compliance rate to 103.08%. Unincorporated levels are within the acceptable range at 99.90%. Response times to emergent and priority calls are slightly above the acceptable range for the city areas, while response times improved in the unincorporated areas on routine and priority calls. Emergent calls in the unincorporated areas rose slightly to 10.8 minutes from 10.5 minutes in June. We are continuing our efforts to reduce these response times by continually monitoring the deputies' logs and addressing any concerns regarding extended response times.

**EQUITABLE VACANCY DISTRIBUTION (DEPUTY)**

	Staffing (575)	Percent Staffing (575)	Percent Vacant	575 Vacant Positions	Equitable Vacancy Distribution (rounded)	Station Assigned Vacancies
<b>Contract Cities</b>	71.1	87.03%	1.22%	1	1	1
<b>County Area</b>	10.6	12.97%			0	0

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

In July of 2014, Malibu/Lost Hills Station provided suitable service levels to all of the contract cities. The service levels in the unincorporated area dipped due to impairments that have since been remedied. The station will closely monitor all service levels to ensure acceptable service is met on a monthly basis. Response times were within the acceptable range.

**North Patrol Division - Santa Clarita Station**

**EQUITABLE VACANCY DISTRIBUTION (DEPUTY)**

	Staffing (575)	Percent Staffing (575)	Percent Vacant	575 Vacant Positions	Equitable Vacancy Distribution (rounded)	Station Assigned Vacancies
<b>Contract Cities</b>	82.2	72.42%	0.00%	0	0	0
<b>County Area</b>	31.3	27.58%			0	0

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

\* July and YTD compliance levels are at or above the acceptable compliance range. Service levels are on track to meet targeted goals for the fiscal year.

\* SCV has realigned personnel to properly manage its contractual obligations. Scheduling works daily at repositioning personnel to meet City and County contractual minutes.

\* Due to the vast Unincorporated areas in North Los Angeles County; Gorman, Nenach, and the Three Points area, etc., Routine Response Times for the unincorporated area are slightly above the accepted norm of 60 minutes.

\* A redeployment of patrol personnel is being structured to reduce the routine patrol times for the summer months. City units handled over 3700 calls for service in a 30 day period, an average of 117 calls per day, along with preassigned vacations and imparments, routine response times within the City were above the accepted time allowed; however, the response times for priority and emergent calls for service were well below the accepted times.

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

Compliance levels have maintained steady due to our continued efforts of CARPing administrative personnel supplemented with a small quantity of back-fill overtime to cover behind our detective bureau not CARPing. This has maintained our city contract compliance. We have been able to fully staff the unincorporated Universal Citywalk which has helped us maintain our unincorporated area compliance. Response times have maintained an average rate even though numerous construction projects within the contract city of West Hollywood have created even greater traffic congestion problems. Crime rates have maintained a steady average. There was a slight increase in vehicle burglaries in the center reporting districts of the contract cities. Deputies have been briefed of the problem, crime trend maps have been distributed, and the contract city has funded special crime suppression overtime during the night time hours to help combat the problem. Since the implementation of these teams, vehicle burglaries have been on the decline.

LOS ANGELES COUNTY SHERIFF'S DEPARTMENT  
 PATROL AREA STATISTICAL SUMMARY  
 JOHN L. SCOTT, SHERIFF

**South Patrol Division - Lakewood Station**

**EQUITABLE VACANCY DISTRIBUTION (DEPUTY)**

	Staffing (575)	Percent Staffing (575)	Percent Vacant	575 Vacant Positions	Equitable Vacancy Distribution (rounded)	Station Assigned Vacancies
<b>Contract Cities</b>	126.68	99.92%	2.37%	3	3	3
<b>County Area</b>	0.1	0.08%			0	0

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

Allotted overtime has assisted in providing adequate staffing and increasing the compliance levels for the five contract cities. Utilizing Phase III and beyond trainee minutes has also been beneficial in increasing compliance levels. For July, contract compliance levels were within the established threshold (98% to 102%).

**Report Prepared By:** Sergeant Thomas Burt **Date:** 8/15/2014

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

City of La Mirada sworn compliance level is lower than established compliance rates for the month of July due to scheduled vacations of non-relief personnel. City of Norwalk sworn compliance level is slightly higher than established compliance rates for the month of July due to the deployment of additional trainee's.

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

July and YTD Compliance minutes for both Pico Rivera and Unincorporated County areas are within acceptable levels. Response times for both the City of Pico Rivera and Unincorporated County Areas have both been reduced dramatically to normal levels. An emphasis on accurate logging and reporting of response times has helped resolve this matter, and continues to improve.

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

Monthly and year to date compliance rates are at 108%. With the addition of COPS items and backfill behind the Summer Violent Crime Enforcement Team, the numbers are slightly above the acceptable levels. Additionally, augmented deployment for firework/fire prevention during the Fourth of July holiday increased the number of minutes for the month. The Scheduling and Training Sergeant, along with the Operations Lieutenant, continually monitor provided minutes to ensure monthly compliance does not fall short of the required levels. Response times to routine calls along with priority and emergency were reduced from the previous month.

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

Scheduling is working diligently to reposition personnel within the Unincorporated area to provide optimum staffing requirements while maintaining contract compliance. City compliance levels are on track to meet targeted goals.

Response Times for Priority and Emergent Calls within the Unincorporated area, section 3 (Angeles National Forest) are over the threshold. Based on the travel time from the Unincorporated and City areas to the large remote patrol areas within the Angeles National Forest, these response times are accurate and reasonable.

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

The unincorporated area was below acceptable service levels. The deficiencies included improper logging on to the computer system and a forty hour non-relief unit that was on vacation. The deficiencies have since been remedied. The Response times in the mountains were as follows: Emergency calls: 19.3 minutes, Priority calls: 24.9 minutes, and routine calls: 54.0 minutes.

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

Two loans from COPS and allotted overtime for transferred personnel and contract vacancies was used to assist in maintaining compliance in our contract and unincorporated areas. Scheduling has worked diligently to reposition personnel to meet City contract minutes and still provide optimum staffing requirements for the County area. Deputy logs are continually audited by supervisors, and errors are corrected in a timely manner.

**Central Patrol Division - Century Station**

**EQUITABLE VACANCY DISTRIBUTION (DEPUTY)**

	Staffing (575)	Percent Staffing (575)	Percent Vacant	575 Vacant Positions	Equitable Vacancy Distribution (rounded)	Station Assigned Vacancies
<b>Contract Cities</b>	38.6	29.18%	18.67%	24.7	7	7
<b>County Area</b>	93.7	70.82%			17	17

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

For July, Unincorporated levels are above established compliance rate. Lynwood City is reaching levels of acceptable compliance rates. Scheduling is working diligently to reposition personnel to meet City contract minutes. With allotted overtime, service levels are on track to meet targeted goals for the fiscal year.

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

Contract minutes in the City and County areas will increase due to additional assigned personnel. However, the increases will be reduced accordingly due to some non-reimbursed loan items. Current service levels are acceptable.

<b>County Area</b>	60.8	53.85%			7	7

**Explanation for significant variances in service levels (sworn or civilian) or for unusual variances in crime statistics, response times, or miscellaneous statistics.**

Service levels are below acceptable ranges in the Unincorporated area. Scheduling has since adjusted deployment in order to reduce the possibility of future service level deficiencies. New funding related to 2013 curtailments will provide the needed resources to help prevent low service levels in the unincorporated area. Maywood's monthly compliance level reflects 91.64% which is inaccurate. The correct service level is 99.4% which is within the acceptable service levels. The inaccurate information was due to a data entry error in the number of minutes scheduled for the month of July, and has since been remedied.

### **BOARD MOTION OF SEPTEMBER 30, 2014, AGENDA ITEM 61 LANDSCAPE MAINTENANCE DISTRICTS**

On September 30, 2014, Agenda Item 61, the Board approved the transfer of the operation of the Landscape Maintenance Districts (LMD) from the Department of Parks and Recreation to the Department of Public Works and directed Public Works to report back in 120 days with the following:

1. An assessment of the financial viability of each LMD zone.
2. A community outreach plan to share the findings of each District's viability.
3. A plan for sharing options with the property owners for maintaining LMD services.

We have completed an assessment of the financial viability of each LMD zone and community outreach plan. A summary of the assessment is shown in Attachment A.

#### **Financial Viability of Each LMD Zone**

As shown in Attachment A, a total of 48 LMD zones were transferred to Public Works. Seventeen LMD zones are in the process or have been transferred to its respective City/Homeowners Association or dissolved. The following are the results of the assessments on the remaining 31 LMD zones.

A total of 15 of the remaining 31 LMD zones are not in a financially sustainable condition. A further evaluation is needed involving comprehensive field condition assessments to determine the infrastructure rehabilitation or replacement needs and detailed cost analysis to determine the required funding to achieve financial viability.

For the two zones that are projected to have a fund balance deficit in the next two fiscal years ending Fiscal Year (FY) 2016-17, the condition assessment of each zone will begin immediately and the community outreach will begin early in FY 2015-16.

For the 13 LMD zones that are projected to have a fund balance deficit between FY 2017-18 and 2023-24, a condition assessment will be conducted for each LMD zone at least 2 years prior to the projected deficit. This will ensure appropriate community involvement in the process.

For those LMD zones that are in good financial status and require no action at this time, the financial viability of each zone will be reviewed on an annual basis through the annual Engineer's Report.

### **Community Outreach Plan**

To enhance management of the LMDs, we intend to reach out to the community within each LMD to involve them in the decision-making process regarding their options through community meetings and public outreach. When a funding shortfall is projected for an LMD, we will hold community meetings at least 2 years prior to share the following information:

1. The condition assessment and the detailed financial assessment of the LMD.
2. The projected increase in the existing assessment necessary to maintain the existing level of maintenance services.
3. The reduced level of maintenance services necessary to keep the existing assessment unchanged.
4. Some level of service reduction with some increase in the existing assessment to meet the desires of the majority of the community.
5. The option to dissolve the LMD zone allowing the property owners to collaborate and maintain the landscaping at their desired level of service using maintenance services they acquire directly from the private sector.

### **Plan to Share Options with Property Owners for Maintaining LMD Services**

In addition to sharing options with property owners for maintaining LMD services as outlined above, we also will be expanding the existing LMD website to provide the public with general information for each LMD zone, including LMD zone maps, description of the maintenance services provided, adopted annual Engineer's Report, frequently asked questions, notices of community meetings, and staff contact information for inquiries. We will have the LMD website updated by June 30, 2015, to include this information.

AGN. NO. \_\_\_\_\_

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

SEPTEMBER 30, 2014

**AMENDMENT TO ITEM #61 - LANDSCAPE AND MAINTENANCE DISTRICTS**

The Los Angeles County Department of Public Works (Public Works) will be assuming operation of the three existing Landscape and Maintenance Districts (LMD's) effective October 1, 2014, from the Los Angeles County Department of Parks and Recreation (Parks). The operation of LMD's was a small unit within Parks that was difficult to administer because it was not in alignment with the mission and operations of the department.

Public Works operates many special districts similar to these LMD's and has extensive experience in the management, operation and special needs of these Districts. Consequently, operation of the LMD's can be more efficiently performed by Public Works since this will only be a small addition to their Lighting District operations, which are governed by the same Streets and Highways code Sections provided for the provision cited as the "Landscape and Lighting Act of 1972."

--MORE--

**MOTION**

MOLINA \_\_\_\_\_

RIDLEY-THOMAS \_\_\_\_\_

YAROSLAVSKY \_\_\_\_\_

ANTONOVICH \_\_\_\_\_

KNABE \_\_\_\_\_

The potential to increase efficiency and reduce the overall property tax burden would be a tremendous value added for tax payers. With that in mind, this Board should be given periodic updates on the progress of Public Works' absorption of the additional Landscape and Maintenance Districts within the structure of Public Works. Additionally, when each district is reassessed, residents should be given the opportunity to weigh-in on whether they want the County to continue performing these services or be given the option to dissolve the zone.

**I, THEREFORE, MOVE** that the Board of Supervisors direct the Director of the Department of Public Works to report back to the Board in 120 days:

- 1) On an assessment of the financial viability of each Landscape and Maintenance District
- 2) A community outreach plan to share the findings of each district's viability
- 3) A plan for sharing options with the property owners for maintaining LMD services.
